

Go to sleep now  
Go to sleep  
It's the easiest thing in the world  
And you know  
No one gets it wrong

Go to sleep now  
Go to sleep  
Take a peak  
At the side of yourself  
That you know  
No one oughta see

Don't you know it's in your head  
Ghosts aren't sleeping in your bed  
And the shadows on the wall  
Are just yours after all

Go to sleep now  
Go to sleep  
Take a peak  
At the side of yourself  
That you know  
No one's gonna see

Don't you know it's in your head  
Ghosts aren't sleeping in your bed tonight  
And the shadows on the wall  
They're only yours after all

Go to sleep  
Go to sleep
